I am a web developer with a strong skill base in Javascript and HTML/CSS. I have excelled in the customer service and sales industry for over 10 years. I enjoy the ability to excel with hard work. I like to stay busy and my high energy and enthusiasm contribute to a positive and team-oriented work environment.

I am very interested in the opportunity to work in an environment where I can learn and grow.

EXPERIENCE

2019 – present	FREELANCE WEB DEVELOPER Creating responsive websites and web applications for any customers needs with the use of multiple front-end technologies including HTML, CSS, JavaScript/jQuery. I also use back-end technologies such as mySQL and MongoDB.
2013 – 2019	DECKHAND – Alicia Sportfishing / Aries Sportfishing My responsibilities included building and maintaining relationships with customers, training customers on safety and methods of fishing, maintenance of the boat (mechanical and appearance), and ensuring our customers have the best experience on any trip they charter to help grow the business through repeat customers.
2013 – 2016	GRAPHIC ARTIST/PRINTER– Rare Form Screen Printing Responsibilities included making changes to art needed for normal day-to-day print jobs, created good customer relationships, processing orders and shipping, as well as graphic art needed for designs that were custom ordered. We are strictly a manual printing operation.
